Michelle,

Great! I have uploaded two files (en2setup.exe, and en2source.zip) to the following URL:  
L:\CIN Short Term (30 Day) Network Storage\Tryby

Can you please update the downloads section of the EPANET website with these files. Be sure to update the date field in the table to read "9/5/2018" for each of the files. This is how we are going to tell the versions apart.

Let me know if you have any questions. Thanks!

-Michael

Hi Michelle,

Can you help me update the EPANET Webpage? If not who should I be talking to about it? Thanks.
